- ❖ *Document Control-*Served as document control specialist to Health Safety and Environment (HSE) department, while following proper standards. Also helped in maintaining a database of project reports in ISO format.
- ❖ Lead Generation - Participated in international events, identified target accounts for service selling, cold calling, inside sales.
- ❖ Evaluated potential clients (in H2S, sour gas, and corrosion Management
- ❖ Participated in thought leadership initiatives, provided insights and recommendations to senior management,
- ❖ Identified new opportunity areas for service positioning, liaison with external and internal partners.

PROFESSIONAL EXPERIENCE

- Managed numerous projects simultaneously within budgetary restrictions
- Resolved part and assembly discrepancies.
- Directed customer installations maintaining cost efficiencies based on space and power allocation.
- Maintained and managed work environment including troubleshooting, filing and archiving.
- Prepared accurate specifications for purchase of materials and equipment for purchasing department.
- Drew sketches to accurate scale showing relation of proposed installations to existing facilities and exact specifications and dimensions.
- Collaborated with engineers and project managers regarding parameters for client projects.

TRAININGS ATTENDED

- Attended Training on the following held in Rutledge Group of Companies, Singapore.
 - 2009
 - H2S Detection and Respiratory Protection Systems
 - High Pressure Breathing Air Compressors Managing Hydrogen Sulfide
 - H2S Technician and Instructor Training
 - The ABC's of Hydrogen Sulfide
 - 2009 Basics of Petroleum Geology
 - 2009 Well Testing/Responsibilities
 - H2s Engineer Responsibilities
 - Rig Up and Rig Down of H2s Safety Systems
 - 2010–
 - Detcon Wireless Detection System
 - Refresher courses on
 - BASIC H2S TRAINING
 - Basics on Drilling Technology
 - Basics on Drilling Operations
- Attended in house courses in gas detection inclusive of –
 - SCBA/EEBA/SABA Training
 - Cascades & Air Loop Systems
 - BA Field Level Maintenance
 - BA Workshop Level Maintenance
 - Refresher course in HYDRO TESTING Requirements & Awareness
 - Enhancement Trainings inclusive of –
 - SCBA TECHNICIAN LEVEL Training(SCOTT)
 - Workshop Skills OJT Training
 - Emergency First Aid/CPR Training
 - Fire Fighting and Rescue Training
 - Confined Space Rescue Training
 - Basic H2S Training OPITO
- Enhancement Trainings inclusive of –
 - SCBA/EEBA/SABA Training
 - SCBA TECHNICIAN LEVEL Training(SCOTT)
 - Workshop Skills OJT Training
 - Emergency First Aid/CPR Training
 - Fire Fighting and Rescue Training
 - Confined Space Rescue Training
 - SCBA/EEBA/SABA Training
 - Cascades & Air Loop Systems
 - BA Field Level Maintenance
 - BA Workshop Level Maintenance
 - Refresher course in HYDRO TESTING
- H2S Equipment Training for Ops and Maintenance
 - Fixed Point Gas Detection Systems
 - Corporate Safety Induction Training
 - Company Policies & Procedures,
 - General Administration/ISO Forms, General Safe work Practices, Minimum Ind. Safety Training Standards (Rig Pass),Corporate Level Staff H2S Induction Training
- H2S Equipment Training for Ops and Maintenance
 - Fixed Point Gas Detection Systems
 - Rig Coring Ops/Responsibilities
 - Gas Sampling
 - H2S Presenter/Trainer Competency Training
- Basic electronics Theory
- In house trainings in Breathing Air Compressor, inclusive of –Pre use,Compressor Operation and Maintenance,
- Trouble Shooting - General Maintenance & Servicing, Overhaul Compressor, Refilling Procedures,
- In House Detcon Practical
- In House BW Practical,Rigging Detection system Up
